C. R. England is the nation's largest refrigerated trucking company. We move more temperature sensitive freight like fresh produce, meat, dairy products, beverages, and chemicals than anyone else in the nation.

To keep our freight cold and our trucks moving, we are looking for drivers to join our fleet. Whether you are new to trucking and looking to get your start as a driver or you're an experienced driver with thousands of miles under your belt, C.R. England can get you in a truck and put you to work.

C.R. England has Dedicated, Over the Road, Regional and other lanes available for both solo and team drivers. Our drivers get steady miles, a consistent paycheck and a stable job with a company who has been moving freight for more than 90 years. We understand the importance of family and strive to work with our drivers so they can have consistent home time.

C.R. England partners with Premier Truck Driving Schools to provide training for drivers who are new to trucking and looking to get started. C.R. England hires all students who successfully complete the truck driving training program and meet all hiring requirements.
