Currently Hiring

Direct Support Professional

(Woodbridge, Manassas, Arlington)

Direct Support Professionals are responsible for supporting and coordinating activities of the individuals living in a residential group home setting; teaching independent living skills; facilitating community integration; and contributing to or maintaining the individual's safety and well being.

High School diploma/GED PLUS two (2) years of experience in working with individuals with intellectual and developmental disabilities with a focus on providing sensory, auditory, and tactile stimulation activities. A successful candidate must pass the DDS Training (10 courses) requirement, certified in medication administration, and able to become and maintain certification in CPR/First Aid once employed.

Direct Support Aide

(Woodbridge, Manassas, Arlington)

Direct Support Aide will assist in developing community support opportunities for persons with disabilities. Under supervision of the Residential Coordinator, the Direct Support Aide will be responsible for providing direct care and support to the individuals living in group residences. Provides support to individuals to learn skills that enable them to live in less supervised environments and become active

members in their community. Maintains the individual's safety and well being in accordance with Volunteers of America Chesapeake's policies and procedures. Communicates with individuals based on their developmental needs.

Participates or co-leads in the daily activities of the individual's programs.
Documents notes for each shift worked for assigned individuals.

Minimum of a high school diploma or GED. Candidates with less than 1 year of experience will undergo an enhanced supervision and training plan.

March 30, 2015 - 10AM - 2PM

Applicants must have a valid US drivers license for three (3) or more years.

You must bring two (2) copies of your resume.
