All workers hired under this job order must demonstrate eligibility to work legally in the U.S. Refer to the back of Form I-9 for documents acceptable for purposes of establishing employment eligibility. After hiring, employer may verify legitimacy of social security numbers through Employment Verification System (EVS) for workers who have not been employed by him in previous years.

Workers should bring with them documents verifying their legal right to work in the U.S. at the time of employment. Valid eligibility documents will be necessary to complete payroll tax withholding and I-9 forms.

The worker may be requested, but not required, to work as much as 12 hours per day and/or on the Sabbath, depending on weather and other conditions. Extreme heat, cold or drought may affect working hours. Employer will offer 40 hours/week, weather and crop conditions permitting. Worker will report to work at designated time and place as directed by employer each day.

Item 10. Job Specifications

Nursery

Lead men for work crew of three to four other nursery workers performing manual and mechanized work and other tasks related to growing and/or harvesting nursery stock. Requires a minimum of three months (or 480 hours) of prior experience working in an orchard/nursery with extensive involvement in potting, fertilizing, spacing, planting, digging, mulching, transplanting, moving,

loading and unloading plants, watering in nursery and greenhouse; proficiency with hand tools and mechanical pruning equipment.

Work includes but not limited to planting, digging, mulching, transplanting, moving, watering in nurseries and greenhouses. Fertilize, prune, spray, space, water, tag and perform other plant maintenance. Count and inventory plants. Propagate plants from cuttings. Load finished plants onto wagons and trucks. Remove plastic from greenhouses in spring and cover greenhouses with plastic in fall. Assist with building greenhouses. Plant, pot, and dig field grown plants, perform general maintenance of field grown plants. Fill various size pots with soil and plants weighing as much as 70 pounds. Plants must be handled carefully so that minimal leaves, limbs and roots are broken during transplanting process.

Lead men will be expected to possess proficiency with pruning equipment as well as with hand tools. Lead men with appropriate licenses may operate general purpose vehicles to transport workers, equipment and product from one field location or facility to another (on farm).

By way of example and not limitation manual and mechanized work and other tasks related to the growing and/or harvesting of nursery stock may include the following: preparing fields for planting by clearing roots, brush, and debris; planting seedlings or "liners" by hand; digging, loading, unloading or transplanting bare-root nursery stock; straightening, pruning trees and shrubs; cutting, moving irrigation equipment; applying fertilizer; digging; lifting, carrying, and loading nursery stock; unloading, moving or loading supplies and other mechanical operations; performing nursery/orchard farm maintenance activities, including mending, repair, maintenance or preparation of housing and other nursery buildings, facilities and equipment. Nursery stock includes primarily container-grown products but some field-grown trees and shrubs as well.

Lead men must be able to comprehend and follow instructions of a company supervisor. Additional qualifications include the ability to repetitively crouch, bend and reach through the entire workday; the ability to repetitively lift and carry items weighing up to 75 pounds; and the ability to work outside in dusty and dirty conditions, in extremes of heat and cold, and in inclement weather.

Orchard

Work may upon occasion include fruit harvest work if the need arises during the farm's peak harvest season. Fruit harvest work, if any, will be a minor/infrequent secondary activity for those employed in this job category. All specifications pertinent to the Saunders Brothers' unskilled orchard/nursery H-2A labor certification apply to this position insofar as work in fruit harvest is involved. Work in fruit harvest would be identical to that performed under the Saunders Brothers' unskilled labor certification in that no supervisory responsibilities will be involved.

Quality is essential. All fruit is spot picked for fresh market. Ladders ranging from 14ft. to 20ft. in length and weighing from 35 to 50 lbs. each are used. Care must be taken when picking fruit not to damage or bruise fruit. Properly filled fruit buckets weigh up to 40 lbs. Pickers are required to snap fruit off of tree using their thumb and palm of hand to avoid bruising. Each piece of fruit must be carefully placed in bucket to avoid bruising.

Supplemental General Information:

Instructions and overall supervision and direction of lead men and crews will be provided by a company supervisor. Unusual, complex or non-routine horticultural activities will be supervised. Lead men will be expected to perform basic duties in a timely and proficient manner without close supervision.

Lead men must perform all duties of unskilled nursery workers as well as perform additional mechanized activities with accuracy and efficiency. Workers hired or promoted into this occupation will be subject to a trial period of up to two weeks during which their performance of required tasks will be evaluated. If the performance is not acceptable to the employer in its sole discretion, the worker may be offered an entry level position if one is available.

Employer assures that workers will be provided transportation from living quarters to work site every day (for workers who must be provided housing.)

The employer may discipline the worker, including brief suspension of work activities ("time out") for a period determined by the supervisor, suspension from employment for a set period of days or termination of employment as described in the "Work Rules and Disciplinary Procedures" attached hereto.

Workers may not report for work while under the influence of alcohol or drugs. Except for moderate alcohol consumption in company housing during non-working hours, the possession or use of illegal drugs or alcohol on Company property is prohibited and will be cause for termination.

Persons seeking employment as experienced Horticultural Worker II must be available for the entire period requested by the employer. Workers hired pursuant to this job order will be subject to a trial period of up to 5 business days during which their performance of required tasks will be evaluated. If the performance is not acceptable to the employer in its sole discretion the worker will be terminated.

All terms and conditions included in the job order will apply equally to all workers, domestic and foreign, employed under this job order.

Item 11. Wage Rates/Pay Information

This job requires a minimum of three months (or 480 hours) of prior experience working in an orchard/nursery with extensive involvement in potting, fertilizing, spacing, planting, digging, mulching, transplanting, moving, loading and unloading plants, watering in nursery and greenhouse; proficiency with hand tools and mechanical pruning equipment.

For each pay period all workers hired under this job order will be paid \$9.35 /hour, or at \$0.50/hour above the current AEW or prevailing wage rate as determined by the Virginia Employment Commission. In the event the USDOL promulgates a new AEW during the recruitment or contract period which is lower than the AEW in effect at time of application, \$0.50/hour above this lower AEW becomes the guarantee at the discretion of the employer unless there is a prevailing hourly rate higher than the new AEW.

All work is compensated at the above hourly rate except for the following work activities which are compensated on a piece rate productivity incentive basis according to the following schedule:

\$.20-\$2.50 tree clonal rootstock management;
\$.60 per bushel apple harvesting; fertilizing: \$.005-.01/pot depending on size;
Potting: \$.02-\$.50/pot, depending on pot size
Digging plants: \$.40-\$3.00/plant depending on plant size and variety;
Shaping plants: \$.05-\$0.10/pot depending on pot size
Propagation: \$.75-\$5.00/flat depending on plant variety; Spacing plants: \$.005-\$.035/plant depending on plant size and variety;
Tagging plants: \$.01-.02/unit depending on plant size and variety;
Overwintering: \$.10-.30/ft depending on size.

No piece rate work will be performed at less than the above-stated piece rates. In instances when working conditions are unusually adverse in the employer's judgment, the employer may, at his discretion, temporarily raise the piece rates above the rates listed above in order to assure workers fair earnings. All work performed on a piece-rate compensation schedule are guaranteed that they will receive no less than the AEW rate specified above.

The employer guarantees to offer the workers employment for at least $\frac{3}{4}$ of the work hours of the total period during which the work order and all extensions thereof are in effect, beginning with the first work day after the arrival of the workers at the place of employment and ending on the termination date specified in the work order or its extension, if any. If the employer offers the worker during such period less employment than required under this provision, the worker will be paid the amount he/she would have earned had he/she, in fact, worked for the guaranteed number of hours. Employee will perform other duties related to this/these crop activities and other tasks required in operating a farm.

If, before the expiration date specified in the work order, the service of the workers is no longer required for reasons beyond the control of the employer due to fire, or other Acts of God, such as frost, flood, drought, hail, etc. which makes the fulfillment of the contract impossible, and the RA so certifies, the employer may terminate the work order and return the worker to the place from which the worker, without intervening employment, came to work for the employer at the expense of the employer.

Employer will provide without charge all tools, supplies and equipment necessary to perform duties assigned.

Unless the employer has amended the date of need no less than ten (10) working days prior to the date of need through notice to the order holding office, the employer will guarantee one week's wages to all workers subject to this order beginning with the anticipated start date. Employers may require workers to perform alternative work if the guarantee under 20 CFR Sec. 653.501 is invoked. "Alternative work" includes all work described in this job order or otherwise approved by the SWA.

Any US worker who fails to notify the nearest Job Service office no sooner than nine (9) working days and no later than five (5) working days prior to the anticipated date of need of his/her intentions to fill the job for which he/she was referred and recruited, will be disqualified from the first week's wage guarantee described above.

If the worker voluntarily abandons employment before the end of the job order period or is terminated for job related reasons or misconduct, the employer will not be responsible for providing or paying return transportation and subsistence expenses of the worker.

Employer agrees to maintain adequate and accurate payroll records. The employer will furnish to each worker on payday an itemized accounting of earnings and of all legal and authorized deductions. Social Security, FICA, and FUTA deductions will be made for individual U.S. workers as required by law.

Employer will provide workers' compensation at no cost to workers covering injury and disease arising out of and in the course of worker's employment. Proof of worker's compensation insurance will be provided to Regional Administrator prior to certification date.

Item 12. Transportation Arrangements

For workers who complete 50 percent of the work period, the employer will reimburse the worker for costs incurred by the worker for transportation and reasonable subsistence from the place from which the worker came to work for the employer to the place of employment. Subsistence will be in accordance with current rates published in the Federal Register (for workers with and without receipts.) The amount of the reimbursement for transportation shall be the worker's actual cost, but no more than the most economical and reasonable similar common carrier transportation charges for the distance involved.

If the worker completes the period of employment, the employer will provide or pay for the worker's transportation and reasonable subsistence from the place of employment to the place from which the worker came to work for the employer, except when the worker has accepted subsequent employment with another employer who agrees to accept the return transportation costs, in which case this employer only pays for the transportation to the next job.

For the purposes of the above requirements the "period of employment" shall be the period from the first workday the worker is at the employer's farm and is ready, willing, able and eligible to work until the anticipated ending day of employment in Item 6.

Reimbursement of inbound and return transportation costs applies only to persons recruited from outside normal commuting distance (to and from their permanent place of residence each day; see page one). Return transportation will not be provided to workers who voluntarily abandon employment before the end of employment period or who are terminated for cause.

The employer will provide transportation at no cost to the worker from the employer provided housing to the worksite and return on a daily basis. Such transportation shall be in accordance with applicable laws and regulations. The use of this transportation is voluntary; no worker will be required as a condition of employment to utilize the transportation and subsistence if applicable.

If the services of the worker are no longer required for reasons beyond the control of the employer due to fire or other acts of God such as frosts, flood, drought, hail or the like which makes fulfillment of the work period impossible and Regional Administrator so certifies, the employer will provide reimbursement for transportation and daily subsistence from the place of recruitment for covered employees.

Assurances

The employer agrees to abide by the regulations at 20 CFR 655.103 and 20 CFR 653.501.

APPLICATION FOR CONDITIONAL ENTRY

I, Saunders Brothers, Inc., as the employer, agree to abide by the regulations at 20 CFR 655.103 and 20 CFR 653.501.

I hereby request permission for conditional entry into the intrastate/interstate clearance system so that my job order can be transmitted to labor supply states in a timely manner to facilitate the recruitment of supply workers. My housing was in compliance with USDOL regulations in 2007 but, because of disuse, cannot meet applicable standards at this time.

As a condition to placing my order into clearance, I, Mr. Jim W. Saunders, certify that 30 days prior to occupancy, my housing will meet standards of the US Department of Labor.

I also authorize representatives of the State Employment Service, the State Health Department and/or the US Employment and Training Administration to inspect the housing that I am offering such workers at any reasonable time to verify its condition.

I expect my housing to be occupied by 2/1/2009.
