READ CAREFULLY, In view of the statutorily established basic function of the Employment Service as a no-fee labor exchange, that is, as a forum for bringing together employers and job seekers, neither the ETA nor the State agencies are guarantors of the accuracy or truthfulness of information contained on job orders submitted by employers. Nor does any job order accepted or recruited upon by the One-Stop Career Center constitute a contractual job offer to which the One-Stop Career Center, ETA or a State agency is in any way a party.

Public Burden Statement

Public reporting burden for the ETA Form 790 is estimated to be approximately 60 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and reviewing the collection. Respondents' obligation to reply to these requirements is obligatory by 20 CFR 653.500 and 44 U.S.C. 3501. Persons are not required to respond to this collection of information unless it displays a currently valid OMB Control Number. Public reporting burden for this collection is estimated to average 8 minutes per response, including the time to review instructions, search existing data sources, gather and maintain the data needed, and complete and review the collection of information. Send comments regarding this burden estimate or any other aspect of this collection, including suggestions for reducing this burden, to the U.S. Department of Labor, Migrant and Seasonal Farmworker Program, Room S4209, 200 Constitution Avenue, NW, Washington, DC 20210.

Item 3. Workers will be housed without charge in housing owned by the Employer on Old Mill Lane in Cross Junction, Virginia. All housing complies with applicable Federal housing regulations.

Item 11. Workers may be offered more than 8 hours work per day and, in an emergency, a worker may be requested, but not required, to work on his/her Sabbath.

Item 13. Employer will furnish free and convenient cooking and kitchen facilities to the workers to allow them to prepare their own meals.

Item 14. Referral of individuals shall be made through the Winchester Office of the Virginia Employment Commission in order to ascertain current employment, crop and housing information and to enable proper arrangements to be made. It will be the responsibility of the applicant holding office to inform applicants of the terms and conditions of the Clearance Order. When possible, a translator will be made available. The employer, William L. Whitacre, will be available for interviews, walk-ins are welcome, between the hours of 9 A.M. and 4 P.M. Monday through Friday, at 212 Cross Junction Road, Cross Junction, Virginia 22625.

The Job Order does not constitute an agreement or contract between the employee and the employer until such time the employee has actually worked and has been placed on the payroll of the employer.

Employer agrees to provide each worker hired under this Clearance Order, no later than the first day of work, a copy of the complete work contract between the employer and the worker.

Item 15. When necessary, fruit may be picked from 16-24 foot ladders or 10-12 foot stepladders. All fruit must be picked and handled carefully to avoid bruising for fresh market. Workers may be required to selectively pick according to the size and state of maturity of fruit as directed by the employer or supervisor. When picking fruit the worker will be expected to pick bruise free to meet fresh market requirements. The definition of bruise free picking is the U.S.D.A. Standard for U.S. Extra Fancy Grade Packing Fruit. Some apple varieties, such as Ginger Gold, require special care when picking due to their extremely light/thin skin. All fruit must be picked into picking bags or buckets, which are attached to the body with a shoulder harness and weigh approximately 30-50 pounds when full. When filled with fruit, the bags or buckets must be carefully emptied into field bins by releasing an opening at the bottom of the bag or bucket. When using ladders the worker will place the ladder firmly against or within the tree in a secure position so as not to break limbs or knock off fruit and to prevent slipping and falling. Each worker's trees will be picked according to instructions given each day by the employer or supervisor.

Additional harvest related duties may be offered including related tasks involving the operation of tractors or hand operated equipment. Individual workers are supervised by the employer or his agent, who provides daily transportation, training, job instruction and who keeps payroll records.

The employer or employer's agent will demonstrate to the worker proper picking or process in techniques and will periodically monitor the worker's performance. Additional instruction will be provided as necessary during the 24 hour training period. The employer maintains the right to dismiss a worker who, after the 24 hour training period, continues to exhibit, upon inspection, excess bruising.

The employer maintains the right to refuse to accept an obviously unqualified worker or to discharge a malingerer or recalcitrant worker who is physically able but does not demonstrate the willingness to perform the job.

All tools, supplies and equipment to perform the duties assigned to the worker will be provided by the employer without charge, including deposit charge.

All terms and conditions included in the Clearance Order will apply equally to all workers, domestic and foreign, employed under this Clearance Order.

Item 16. The employer agrees to guarantee all workers employed in the 2010 season a minimum of \$9.59 per hour, which is the Adverse Effect Wage Rate, or the prevailing hourly rate as established by the Department of Labor. Other harvest related duties, which may be offered, will be paid at the hourly rate of \$9.59 per hour. If a higher or lower minimum wage standard applicable to the employment covered by the Clearance Order is promulgated during the period of employment covered by the Clearance Order, the highest of the AEWR, the prevailing wage, the agreed-upon collective bargaining wage, or the Federal or State minimum wage will become the guarantee. All work is compensated at the above stated hourly rate except for the following work activities which may be compensated on a piece rate basis. \$ .62 per 2419 cubic inch box for apple harvesting. Workers who perform work on a piece rate basis will be guaranteed that they will receive no less than the above stated rate.

The employer guarantees to offer the worker employment for at least three fourths of the work days of the total period of employment and all extensions thereof are in effect beginning with the first work day after the arrival of the worker at the place of employment and ending on the termination date specified in the Clearance Order or in its extension if any. The worker is covered by worker's compensation, which is provided by the employer.

*Wills*

Workers are paid weekly by individual check. The employer will furnish to each worker on payday an itemized accounting of earnings and of all legal and authorized deductions. The employer is subject to federal minimum wage laws.

If the employer fails to notify the order-holding office of a change in date of need at least 10 working days prior to the original date of need the employer shall pay eligible workers referred through the clearance system the specified hourly rate of pay, or in the absence of a specified hourly rate of pay, the higher of the Federal or State minimum wage for the first week starting with the originally anticipated date of need.

Item 17. The employer agrees to reimburse individual workers for reasonable transportation expenses and no less than \$10.64 per day for subsistence expenses from the worker's place of recruitment to Winchester, Virginia, who continues under employment for a period of 50% of the employment period. Those workers paying the transportation and reasonable subsistence expenses from the place of recruitment to Winchester, Virginia who are unable to complete the minimum for legitimate medical reasons sustained or contracted after arrival, shall also be reimbursed for the same. If, before the expiration date specified in the work contract, services of the worker are no longer required for reasons beyond the control of the employer due to fire, hurricane or other act of God, which makes the fulfillment of the contract impossible, the employer may terminate the work contract. In the event of such termination of a contract, the employer shall fulfill the three-fourths guarantee for the time that has elapsed from the start of the work contract to its termination. In such cases the employer will make efforts to transfer the worker to other comparable employment acceptable to the worker. If such transfer is not affected, the employer shall:

- (i) Offer to return the worker, at the employer's expense, to the place from which the worker, disregarding intervening employment, came to work for this employer.
- (ii) Reimburse the worker for full amount of any deductions made from the pay by the employer for transportation and subsistence expenses to the place of employment, and
- (iii) Notwithstanding whether the employment has been terminated prior to completion of 50% of the work contract period originally offered by the employer, pay the worker for costs incurred by the worker for transportation and daily subsistence from the place from which the worker, without intervening employment, has come to work for the employer to place of employment. The amount of transportation payment shall be no less (and shall not be required to be more) than the most

*W. Hill*

economical and reasonable similar common carrier transportation charges for the distances involved.

In case of a legitimate medical termination or in case of termination as a result of an act of God, as certified by the Regional Administrator, the employer will also provide or pay the cost of return transportation and subsistence enroute from place of employment to the place of recruitment, except when the worker is not returning to the place of recruitment and has subsequent employment with an employer who will bear transportation expenses. The employer shall provide living accommodation and subsistence for the worker from the date of termination of work opportunity, other than for cause, until pursuant to arrangements made by the employer, the worker leaves the place of employment for his return journey to the place of his recruitment. If the worker completes his employment, the employer will provide or pay the cost of return transportation and subsistence enroute from the place of employment to the place of recruitment except when the worker is not returning to the place of recruitment and has subsequent employment with an employer who will bear transportation expenses, in any case, reimbursement will not exceed inbound cost. If the worker voluntarily abandons his employment, or is terminated for cause prior to completion of the period of employment, the employer will not be responsible for providing or paying the cost of return transportation and subsistence enroute from the place of employment to the place of recruitment. All transportation provided by the employer will be by common carrier or other transportation facilities that conform to applicable regulations of the Interstate Commission.

Transportation from the worker's on-the-job site living quarters to the place of where the work is to be performed will be provided by the employer without cost to the worker.

The employer shall provide a suitable burial for the worker if he or she dies during the continuance of the worker's employment hereunder, or in lieu thereof at the request of the next of kin, pay the cost involved in the preparation and transportation of the deceased to the place of origin.
