Disaster Unemployment Assistance Application Deadline Nears

RICHMOND— Thursday, October 21, 2004, is the deadline for individuals unable to work due to the flooding that resulted from Tropical Depression Gaston to apply for disaster unemployment assistance. The October 21, 2004, deadline applies to individuals in the counties of Charles City, King William, and New Kent.

Self-employed and unemployed workers who live or work in the designated disaster areas and are not covered by regular state unemployment insurance programs may be eligible for this federally funded assistance made available by the major disaster declaration of President Bush on September 3, 2004. Under this program, benefits of up to \$326 per week may be paid to eligible individuals until they are able to return to work.

Disaster unemployment assistance covers those places of business/employment that are in the affected jurisdiction and those persons who:

- No longer have a job as a direct result of the disaster;
- Are unable to reach their place of employment as a direct result of the disaster;
- Were to commence employment and do not have a job or are unable to reach the job as a direct result of the disaster;

(more)

- Are self employed but are prevented from working due to the effects of the disaster;
- Have become the breadwinner or major support of a household because the head of the household died as a direct result of the disaster; or
- Cannot work because of injury caused as a direct result of the disaster.

Anyone interested in filing for disaster unemployment assistance should visit the nearest Virginia Employment Commission (VEC) field office. Applicants should bring their Social Security number and, if possible, documentation showing earnings for the calendar year 2003.

For further information, contact C.B. Pierce at the VEC at (804) 786-1883 or Bob Spieldenner at the Virginia Department of Emergency Management at (804) 897-6510.
