

LEARN HOW YOUR COMPANY CAN RECEIVE FEDERAL DOLLARS FOR HIRING QUALIFIED EMPLOYEES

Date: September 22, 2011

ON-THE-JOB-TRAINING (OJT) INFORMATION SESSIONS

The Chesapeake and Norfolk Virginia Employment Commission Workforce Centers will present information to employers who may benefit or have an interest in On-The-Job Training (OJT). Learn how your company can receive federal dollars for hiring qualified employees.

The agenda will include a panel of experts who will discuss the benefits and the various aspects of OJT.

Employer Advisory Committees (EAC) are a cross section of employers that join forces with the VEC to assist the employer community in doing business more effectively and efficiently.

EAC activities provide opportunities for professional growth, education and networking. Employers can learn about VEC programs and services and can also provide valuable input to the VEC concerning the services they need.
