Employees are required to cleanse their hands by washing them thoroughly with soap and water after using the bathroom and before entering the fields for harvest activities or the packing facility for packing operations.

Strawberries: Workers will help install black plastic and drip irrigation on rows in field being careful to cover all exposed edges of plastic cover with soil and be careful not to tear or punch holes in plastic. Workers may be asked to utilize implements associated with the

Pre-harvest activities for strawberries may include weeding and transplanting. Workers may be required to perform other tasks maintenance activities in the strawberry operation. Workers will cover edges of plastic with soil using long handled shovels being careful not to tear or puncture plastic. Workers will not be expected to operate equipment used in the application of the plastic row covers. Workers will plant, weed, drive stakes and apply string every two plants, prune all suckers to the first main fork on the tomato plant being careful not to break leaves or injure the stem of the plant. At harvest time workers will pick mature green tomatoes from vine, remove stems and place in a standard 5/8-bushel plastic picking bucket.

Care must be exercised to prevent bruising of the tomatoes. When the picking buckets are full, the worker will carry them to the truck, where they are dumped into bins for transport to the packinghouse. Tomato vines and fruit must be free of moisture before harvest begins. This drying usually occurs by noon, therefore, workers are expected to begin work around noon and continue until 8:00 p.m. After the tomatoes are transported to the packinghouse, workers will assist in the unloading, dumping, grading and packing. The workers may make boxes and lids, place different grade sizes of tomatoes in boxes, apply lids, and stack on pallets and load trucks for transportation to market. Much of the packinghouse work will be done in the evenings of the same days the tomatoes are harvested.

Workers will also pick red/pink tomatoes at times. When doing this they will remove from the vines all tomatoes that are showing any red or pink color, ranging from a small spot of red on the blossom end to a fully red tomato. Workers will place harvested tomatoes in standard 5/8 bushel plastic picking buckets discarding any cat-faced, deformed, decayed or water damaged tomatoes on the ground between rows.

Care must be exercised to prevent bruising of the tomatoes. When the picking buckets are filled the worker will carry them to truck where they are graded and field packed. Worker will clean tomatoes where necessary with cleaning cloth furnished by employer. Worker will separate tomatoes into extra large and large sizes and into light pink, pink and red colors and place in individual 25-pound boxes. Workers will stack filled and lidded boxes on pallets for transport to the packinghouse. Workers may assist in unloading boxes from trucks at the packinghouse.

Pickers will take care not to bruise or scar produce. Pre-harvest activities for some plants may include staking, tying, transplanting and pruning. Workers will stand on feet for long periods of time. Workers are required to work in fields when plants are wet with dew or rain. Temperatures in fields during working hours can range from forty (40) to over one hundred (100) degrees.

Watermelon and Cantaloupe: Workers will be expected to punch and make holes to prepare the black plastic for planting plugs. Workers must be careful not to damage the tender young plugs. Workers will be expected to perform routine maintenance activities including pulling weeds and cleaning drip irrigation equipment. At harvest, workers will be expected to select the melons based on the standard disclosed to the worker by the supervisor. Workers will walk along rows and cut melons according to size, color, shape and degree of maturity using a knife. May carry to trailer or windrow for loading at a later time. Also, the workers will be expected to grade, sort, and place in shipping containers. Repeated failure to obey operating and safety instructions may result in termination

Minor Crops: This employer may grow one or more other crops. Farmers frequently decide whether to plant these crops and what additional crops they will plant after this application is submitted. Information on crops planted after submission of this application will be disclosed in writing to the U.S. Department of Labor for approval as soon as it is known.

Sloppy work cannot and will not be tolerated.

Full Crop Commitment: This is regular work, seven hours per day, Monday-Friday, and five hours on Saturday for the full remainder of the period of employment. Work may be slack at times. The worker understands that if he quits or is terminated for cause prior to the end of the period of employment, he will not receive the 3/4 guarantees discussed below and will not receive certain transportation reimbursements discussed below. Excessive tardiness and/or absences will not be tolerated and will result in termination.

Daily individual work assignments, crew assignments, and location of work, will be made by and at the sole discretion of the farm manager and/or farm supervisor as the needs of the farming operation dictate. Workers may be assigned a variety of duties in any given day and/or different tasks on different days.

11. **Wage Rates, Special Pay Information and Deductions:** Harvesting specifications, in particular, can change from time to time during the season due to crop or market conditions, even on the same crop. Workers will be expected to conform to the specific instructions given for each day(s) work.

The farm owner/supervisor or a designated employee will provide specific instructions and close supervision. Workers will be expected to perform their duties in a timely and proficient manner and will have close supervision to insure adherence to instruction. Work will be closely monitored and reviewed for quality.

All work will be paid the adverse effect wage rate (AEWR) of \$8.39 per hour. In the event DOL promulgates a new AEWR during the recruitment or work contract period which is lower than the current AEWR at the time of application, this lower AEWR becomes the guarantee at the discretion of the employer. In the event the AEWR is eliminated from the H-2A program during the life of this work agreement, either administratively or legislatively, the employer reserves the right to pay the new wage rate under the new guidelines as soon as it becomes effective.

A. The employer will make the following deductions from the Worker's wages: FICA taxes and State and Federal Income tax as required by law. Workers will be charged for the following: cash advances and repayment of loans, repayment of overpayment of wages to the worker, payment for articles which the Worker has voluntarily purchased from the Employer, long-distance telephone charges, recovery of any loss to the Employer due to the Worker's damage (beyond normal wear and tear) or loss of equipment or housing items where it is shown that the Worker is responsible, and any other charges expressly authorized by the Worker in writing. No deduction not required by law will be made that brings the worker's hourly earnings below the statutory federal or state minimum wage. FICA, State and Federal taxes will not be deducted from those worker's wages that are working under a temporary, agricultural visa.

B. Employers guarantee to offer employment for the hourly equivalent of 3/4 of the workdays of the total specified period during which the work contract and all amendments thereof are in effect, beginning with the first workday after the workers' arrival at the assigned Grower's farm, ready, willing, able, and eligible to work and ending on the expiration date specified in the work contract and all

extensions thereof or upon the termination of this employment as provided below. For purposes of this guarantee, a "workday" consists of seven hours Monday-Friday and five hours on Saturday. The worker is not required to work on his Sabbath or on federal holidays which are New Year's Day, January 1; Martin Luther King, Jr.'s birthday, the third Monday in January; Presidents Day, the third Monday in February; Memorial Day, the last Monday in May; Independence Day, July 4; Labor Day, the first Monday in September; Columbus Day, the second Monday in October; Veteran's Day, November 11; Thanksgiving Day, the fourth Thursday in November; and Christmas Day, December 25. On certain of these days, work may be available. If the worker at the conclusion of his work agreement has been afforded less employment opportunity than required under this provision, the worker will be paid at his average hourly rate for the hours, in addition to those actually offered, up to the hourly equivalent of the guaranteed number of days. In determining whether the guarantee of employment has been met, any hours which the Worker fails to work during a workday when he is offered the opportunity to work by the Employer and all hours of work actually performed shall be counted toward meeting this guarantee. In addition the employer may count hours of work offered all hours for which work was offered and not worked which do not exceed a total of hours worked and hours offered but not worked of the normal work hour. The guarantee described in this paragraph shall not apply if the worker voluntarily abandons this employment before the end of the contract period or in the event the worker is terminated for a lawful job-related reason. The guarantee described in this paragraph shall not apply to an H-2A alien worker who is terminated because of the employer's compliance with the requirement to employ all qualified eligible US workers who apply during the first 30 days of the employment period in accordance with the rule at 20 CFR 655.102(f)(3)(i), percent of the contract period.

C. This employment guarantee shall be terminated before the end of the Period of Employment if the services of the workers are no longer required for reasons beyond the control of the Employer due to fire, frost, flood, drought, hail, other Act of God which makes fulfillment of this contract impossible. In such cases, the employer will make efforts to transfer worker to other comparable employment acceptable to worker. If such transfer is not effective, workers will be returned at Employer's expense to the place from which Worker, without intervening employment, came to work for employer. In the event of such termination, the 3/4-guarantee period ends on the date of termination. The guarantee shall be void from the beginning should the Worker voluntarily abandon this employment before the end of the contract period or in the event the Worker is terminated for lawful job-related reason.

D. The payroll period shall be weekly. Workers will be paid weekly.

E. Employer will provide a worker referred through the Agricultural Recruitment System forty (40) hours of work for the week beginning with the anticipated date of need, unless the employer has amended the date of need by notifying the local employment service office at least 10 working days prior to the original date of need. If the employer fails to notify the order-holding office, then employer shall pay an eligible worker referred through the interstate clearance system the AEWR per hour for the first week, starting with the original anticipated date of need. The employer may require the worker to perform alternative work if the guarantee cited in this section is invoked. If the worker fails to notify the order-holding office of his continuing interest in the job no sooner than nine working days and no later than five working days before the date of need, the worker will be disqualified from the above-mentioned assurance. Alternative work will be general farm labor and farm maintenance activities including, cleaning and maintaining migrant housing, pulling and chopping weeds, cutting ditch banks and hedge rows, cutting fire wood, fence mending and the repair and maintenance of farm buildings and equipment.

F. The Employer will furnish to the worker, on or before each payday one or more written statements showing the worker's total earnings for the pay period, his hourly rate or piece rate (if applicable); the hours of work which have been offered to the worker, the total hours actually worked by the worker, an itemization of all deductions made from the worker's wages; if piece rates are used, the units produced daily; the worker's net pay; the employer's name, address and IRS identification number.

12. Transportation:

In accordance with the regulations found at 20 CFR 655.104(h)(1), (2), and (3) the following paragraphs under section 17 are the terms and conditions, in their entirety, related to the transportation benefit and related subsistence benefit, when applicable, provided under this clearance order.

The Employer will offer transportation to and from the daily work site at no cost to the workers entitled to the housing benefit. The use of this daily transportation by eligible workers is voluntary; no worker is required as a condition of employment to utilize the daily transportation to the worksite offered by the employer. Employer will provide free transportation to eligible workers from the housing site to the worksite and return. Workers are always free to choose their own means of transportation at their own expense.

The following paragraphs related to inbound and outbound transportation pertain only to workers who are not within commuting distance and cannot return to their place of residence the same day and are, therefore, eligible for the benefit.

The Employer will not advance transportation and subsistence costs to the place of employment for any worker.

For US workers eligible for the inbound transportation benefit, the Employer will reimburse US workers who complete 50 percent of the work contract period and who are beyond commuting distance the reasonable cost of transportation and subsistence from the place from which the worker has departed to the employer's place of employment. The amount of the reimbursement for transportation cost will be the worker's actual transportation cost from the place from which the worker has departed to the employer's place of employment, and by regulation is not required to exceed the most economical and reasonable common carrier transportation cost for the distance involved. For eligible foreign (H-2A) workers coming from outside the United States, this reimbursement benefit basis is the place from which the worker departed is the place of recruitment which DOL has interpreted in the regulations to mean the appropriate US consulate or port of entry. All other criteria for this benefit are identical, as described in this paragraph, for foreign and domestic workers. The employer reserves the right to arrange charter or other transportation to assure the lowest available inbound

transportation cost. Such inbound transportation will be at the worker's expense. Workers who do not avail themselves of such transportation, when available, will be reimbursed only the per worker cost of the employer-arranged transportation.

The employer will reimburse workers' costs of inbound transportation and subsistence to the extent required by the H-2A regulations not later than the date on which the worker has completed 50 percent of the period of employment beginning on the first day the worker is at the place of employment and available for work and the ending date of employment set forth in Item 6. The employer will provide or pay for workers' return transportation and subsistence to the extent required by the H-2A regulations for workers who complete the period of employment set forth in Item 6 or whose services are no longer required by the employer, whichever occurs first. Reimbursement of inbound and return transportation will only be provided to workers upon agreeable completion of the work agreement except when the worker will not be returning to the place of recruitment, due to subsequent employment with another employer who does not agree to pay such costs, in which case the employer only pays for the transportation and subsistence to the next job.

For US workers who complete the work contract and are eligible for the outbound transportation benefit, the Employer will provide or pay for the worker's reasonable cost of return transportation and subsistence from the place of employment to the place from which the worker departed to work for the employer, except when the worker will not be returning to the place of recruitment due to subsequent employment with another employer. If the subsequent employer has not agreed to provide or pay for the worker's transportation to the subsequent place of employment, the Employer will provide or pay for the transportation and subsistence to the subsequent place of employment in lieu of providing or paying for such expenses from the place of employment to the place from which the worker departed to work for the employer. If the subsequent employer has agreed to provide or pay for the worker's transportation and subsistence to the subsequent place of employment the Employer will not provide or pay for such expenses. For foreign (H-2A) workers who came to work from outside the United States, this outbound transportation benefit basis is the place from which the worker has departed will be considered to be the appropriate US consulate or port of entry as interpreted by DOL in the regulations. All other criteria for this benefit are identical, as described in this paragraph, for foreign and domestic workers. The Employer reserves the right to arrange charter or other return transportation. Workers eligible for this benefit who do not wish to avail themselves of employer arranged return transportation would be provided their outbound transportation and subsistence checks through the grower via US mail. In those circumstances, the grower will distribute the checks as soon as all work is completed, as determined by the employer, and the worker is ready to depart. Workers may select any means of transportation home they choose, however, the reimbursement is limited to the most economical and reasonable common carrier transportation cost for the distance involved. Workers who arrange their own transportation understand they assume all liability and hold harmless the growers/association for any damages, injuries, and personal or property losses.

The employer will not reimburse, pay for or provide transportation and subsistence to a worker who does not provide documentation of identity and employment eligibility required to complete INS Form I-9, or who has knowledge at the place of recruitment that he can not perform the duties of the job as described in this job order, or who abandons his employment, or who is discharged for lawful job related reasons. The Employer will provide or pay for transportation and subsistence under this agreement if the worker is terminated because of work related injury and is so certified by a doctor acceptable to the Employer before leaving the place of employment, or is terminated because of an Act of God which makes fulfillment of the work contract impossible, as provided in paragraph 9C, or if the worker is displaced by a U.S. worker under the 30 day rule in 20 CFR 655.102(f)(3)(i).

Daily subsistence reimbursement will be paid to workers who are eligible for reimbursement of transportation costs in accordance with the regulations at 20 CFR 655.104(h)(1), which refers to 20 CFR 655.104(g) and is governed by 20 CFR 655.114(a), which is capped at \$9.90 per day for 3 meals under the regulation.

The employer will not provide separate formal orientation or training periods for each different crop or each different type of task or job assignment covered within the job description. After completion of the training period, the employer will expect all workers possess the skills to work in the production of the crops noted in Item II. For purposes of this section seven or more hours will be considered one day.

H. Work Agreement: A copy of the contract or Job Clearance Order and work rules (copy attached) will be provided to the worker by the employer no later than on the day the work commences.
